

NEUROSOFT S.A.

Cloud Engineer (L2)

Neurosoft is a leading ICT Integrator providing innovative solutions and services with the aim of increasing efficiency and security. Operating in Greece, Cyprus and SEE, they are referenced in sectors like financial services, service providers, transportation, utilities, industry, maritime and government. The company has been listed in the Italian Stock Exchange since 2009 while currently employing 200+ highly skilled professionals with depth expertise in their fields.

We have an open vacancy for a **Cloud Engineer (L2)**.

Main Responsibilities

Configure security and compliance solutions for M365 and hybrid environments according to security guidelines & best practices, aiming to protect identities, applications and networks.

- Administer and implement Customer infrastructure on both Microsoft 365 and Azure ecosystems
- Perform Infrastructure and services migrations from On-Premises to Cloud Environments
- Administration of On-premises & Cloud backup solutions (e.g. Veeam, Azure recovery services vault)
- Install, configure and administer Microsoft Windows Server & Linux Servers using best practices in virtual environments with Hyper-V & VMWare vSphere.
- Create and maintain documentation of systems processes and procedures, and deliver documentation upon project completion.
- Configuration and administration of networking infrastructure (routing, firewalling, VPNs and load-balancing) – not mandatory
- Accurately track and record of work performed

Professional Experience & Qualifications

- Engineering Degree or a related technical discipline
- Desired relevant experience of at least 3 years
- Knowledge of Cloud and Cloud security concepts like Identity
- Experience with Microsoft licensing scheme
- Relevant Certifications : AZ-500 and MS-500 level
- Ability to work in a fast-paced environment with dynamic priority evolution.
- Ability to adapt to changing conditions and plans with well-reasoned decisions and minimal supervision
- Communicate in a concise, professional, and effective manner with both internal and external team

We Offer

A competitive compensation package, a stable and enjoyable working environment, excellent opportunities for professional development, working on leading-edge technology and industry trends.

You are welcome to apply to the vacancy at **careers@neurosoft.gr** by referring the job title and by submitting your CV.
